

A PORTION OF THE GENERAL TURNING DEPARTMENT

machine for cotton waste. Special mention, too, must be made of their flat carding engine and fine spinning mule, the latter prepared for spinning counts of 90's and upwards.

There is not a country in Europe where cotton is manufactured that has not been invaded by the productions of this Oldham firm ; and the Continent is but the threshold of its domain. The Nile flows past mills filled with its machinery ; China, Japan, and America, no less than Europe, are indebted to this Lancashire concern
